

# Chartwell Capital & HKUST Department of Finance The 2<sup>nd</sup> Annual Value Investing Challenge 2018

A good investment, according to Benjamin Graham, is “one which, upon thorough analysis, promises safety of principal and an adequate return.” The challenge aims to promote value investing and encourage students to perform fundamental, bottom-up stock research in the Asia-Pacific Region. Contestants will value a stock, write a research report and present the research on a company that is publicly listed on an Asia-Pacific exchange.
